<p>Comptroller and Auditor General of India (CAG)</p>	<p>Why in news?</p> <ul style="list-style-type: none"> The Comptroller and Auditor General of India (CAG) has revealed that city self-governments in 18 states, serving 241 million people, are facing a 42 percent shortfall between their resources and expenditures. <p>Key Points:</p> <ul style="list-style-type: none"> The Comptroller and Auditor General (CAG) is an independent authority established by the Constitution of India to audit the receipts and expenditures of the Central Government, State Governments, and other bodies that receive funding from the Government. The CAG is an All-India body in the sense that it controls the entire financial system of the country at both the Central and the State levels. The CAG heads the Indian Audit & Accounts Department and acts as the Guardian of the Public Purse. Article 148 to Article 151 of the Constitution of India deal with the provisions related to the Comptroller and Auditor General of India (CAG). The Comptroller and Auditor General of India (CAG) is appointed by the President of India by a warrant under his hand and seal.
<p>Operation Dronagiri</p>	<p>Why in news?</p> <ul style="list-style-type: none"> Recently, the Secretary, Department of Science and Technology launched Operation Dronagiri at Foundation for Innovation and Technology Transfer (FITT), Indian Institute of Technology Delhi, New Delhi. <p>Key Points:</p> <ul style="list-style-type: none"> It is a pilot project under National Geospatial Policy 2022 to demonstrate the potential applications of geospatial technologies and innovations in improving the quality of life of citizens and ease of doing business. It is part of the numerous efforts of DST in liberalizing geospatial data, developing geospatial infrastructure, geospatial skill and knowledge as well as standards in implementing the policy. In the first phase it will be implemented in the states of Uttar Pradesh, Haryana, Assam, Andhra Pradesh & Maharashtra. It gains a powerful backbone with support from Integrated Geospatial Data Sharing Interface (GDI), that will make spatial data accessible and bring transformation. The activities under Operation Dronagiri will be overseen by IIT Tirupati Navavishkar I-Hub Foundation (IITTNiF). The Geospatial Innovation Accelerators (GIAs) at IIT Kanpur, IIT Bombay, IIM Calcutta and IIT Ropar will act as the operational arms of Operation Dronagiri.
