---

1. The process by which the uterus returns to its pre pregnant size is called
  - A) Involution
  - B) Tremulousness
  - C) After Birth
  - D) Post-Partum
  
2. The match between a child's temperament and the environmental demands the child must cope with is called
  - A) Trust Vs Mistrust
  - B) Tempermenalia
  - C) Goodness of Fit
  - D) Sustenance Curve
  
3. A misalignment of the eyes in which they do not point at the same object together is called:
  - A) Nystagmus
  - B) Strabismus
  - C) Coloboma
  - D) Glaucoma
  
4. Choose the correct statement
  1. Articulation disorders are problems in spelling correctly.
  2. Voice disorders are reflected in speech
  3. Stuttering is not a fluency disorder
  - A) 1 only
  - B) 1, 2 & 3
  - C) 1 & 3 only
  - D) 2 only
  
5. Knowing about one's own knowing is called
  - A) Concrete Operation
  - B) Scaffolding
  - C) Emergent Literacy
  - D) Metacognition
  
6. The founder of modern educational philosophy who fostered the idea of 'tabula rasa':
  - A) Commennius
  - B) Frobel
  - C) John Locke
  - D) Rousseau
  
7. Which of the following is/are true?
  1. TAT involves actual scenes
  2. Apperception means a readiness to perceive in certain ways based on prior individual experience
  3. Abstract test is a widely used projection test of personality
  4. Draw a man test was developed by Smart and Smart.
  - A) 1 & 2 only
  - B) 2 & 4 only
  - C) 2 & 3 only
  - D) 1 & 4 only
  
8. A child with learning disabilities is likely to have difficulties with
  - A) Organizing Time
  - B) Prioritizing Activities
  - C) Communicating Effectively
  - D) Grasping Verbal & Nonverbal Concepts

20. DIAAS refers to:  
 A) Digestible Indispensable Amino Acid Score  
 B) Digestibility Index and Amino Acid Score  
 C) Dietary indicators of Amino Acid Score  
 D) None of the above
21. Xeriscaping is :  
 A) Indoor landscaping                      B) Landscaping in water scarcity area  
 C) Balcony landscaping                      D) Landscaping with potted plants
22. Acoustic material used for flooring.  
 A) Vinyl                      B) Granite                      C) Cork                      D) Marble
23. Perimeter of an efficient work triangle:  
 A) 24'                      B) 54'                      C) 128'                      D) 12'
24. Best suited indoor plant  
 A) Begonia                      B) Bugainvillea                      C) Roses                      D) Aglaonema
25. 1. Curved lines are emphasized in tier curtains  
 2. Strait lines are emphasized in tailored curtains  
 A) 1 is correct but 2 is wrong                      B) 1 is wrong, but 2 is correct  
 C) Both 1 and 2 are correct                      D) Both 1 and 2 are wrong
26. What is micro propagation?  
 A) Budding                      B) Layering  
 C) Tissue culture                      D) Grafting
27. Work triangle is absent in -----kitchen.  
 A) U - shape kitchen                      B) L - shape kitchen  
 C) One wall kitchen                      D) Two wall kitchen
28. While arranging furniture, -----principle should be observed.  
 A) Harmony                      B) Proportion  
 C) Rhythm                      D) All the above
29. A stylized design is:  
 A) Slightly deviate from natural design  
 B) Traditional design  
 C) Abstract design  
 D) Colorless design
30. Recessed lighting is:  
 A) Direct Lighting Method                      B) Out Door Lighting  
 C) Chandelier Lighting                      D) Installed directly inside a ceiling or wall
31. The method of spinning followed for the manufacture of nylon.  
 A) Mule spinning                      B) Wet spinning  
 C) Dry spinning                      D) Melt spinning

32. Match the following pricing policy
- |  |  |                            |
|--|--|----------------------------|
| LIST I   |  | LIST II                    |
| a. Price fluctuate according to demand           |  | 1. Market oriented pricing |
| b. Very low prices to gain market share          |  | 2. Dynamic pricing         |
| c. Pricing high with assured quality of products |  | 3. Predatory pricing       |
| d. Pricing based on similar products.            |  | 4. Premium pricing         |
- A) a-2, b-3, c-4, d-1      B) a-1, b-2, c-3, d-4  
 C) a-1, b-4, c-2, d-3      D) a-4, b-3, c-1, d-2
33. In the Tex system which among the following is kept constant?  
 A) Width      B) Length  
 C) Weight      D) None of the above
34. A dobby weave is characterised by:  
 1. Small geometric designs      2. Large floral designs  
 3. More than two harnesses      4. Uses punched card for weft insertion
- A) 1, 2 & 4 only    B) 1, 2 & 3 only    C) 2 & 4 only    D) 1 & 2 only
35. An example of shuttle less loom:  
 A) Handloom      B) Pit loom  
 C) Rapier loom      D) None of the above
36. Bagh is the term commonly associated with this traditional embroidery:  
 A) Kutch      B) Chikankari      C) Kasuthi      D) Phulkari
37. Match the following
- |              |  |
|--------------|--|
| List I       | List II                                  |
| a. Wool      | 1. No chemicals in finishing             |
| b. Cotton    | 2. lay flat while drying                 |
| c. Pure Silk | 3. Bleaching and starching for finishing |
| d. Polyester | 4. Drip drying fabric                    |
- A) a-2, b-1, c-4, d-3      B) a-2, b-3, c-1, d-4  
 C) a-3, b-2, c-4, d-1      D) a-1, b-3, c-2, d-4
38. Which among the following presses the newly formed fabric in place in a loom?  
 A) Harness      B) Reed      C) Heddle      D) Wrap beam
39. A fibre that lends itself to feting:  
 A) Wool      B) Linen      C) Nylon      D) Silk
40. Which of the following is **not** an element of apparel design?  
 A) Form      B) Texture      C) Transition      D) Colour
41. Which of the following is **not** a training Institute?  
 A) ETC      B) SIRD      C) TLC      D) NIRD

42. ----- is regarded as the father of community development.  
 A) G L Ray      B) J P Leagens      C) S K Dey      D) F L Bryne
43. Which of the following is best describes development?  
 A) An increase in size      B) A change in infrastructure  
 C) A positive change in quality      D) A reduction in population
44. A situation in which more persons are reemployed on a job, than are optimally required is:  
 A) Structural unemployment      B) Disguised unemployment  
 C) Cyclical unemployment      D) Seasonal unemployment
45. Verbal sounds that eventually become speech, including babbling, cooing and consonant vowel sounds are -----.  
 A) Holophrase      B) Pre-verbal  
 C) Telegraphic      D) None of these
46. The beliefs and behaviours that a social group shares is known as:  
 A) Culture      B) Religion  
 C) Subculture      D) Counter-culture
47. The gender sensitization campaign of Government of Kerala:  
 A) Unarvu      B) Kanal      C) Nirbhayam      D) Jagratha
48. The message is -----% spoken word.  
 A) 6      B) 7      C) 38      D) 55
49. Nature of learners in Extension Education is  
 A) Homogenous      B) Heterogenous  
 C) Cosmopolite      D) localite
50. SGSY is a program for promotion of  
 A) Infrastructure Community  
 B) Wage employment  
 C) Community development  
 D) Self-employment
51. Person who influences Innovation Decisions informally in a social system is termed as:  
 A) Facilitator      B) Opinion Leader  
 C) Change Agent      D) Key Communicator
52. The technique of dividing a large group into much smaller ones, in which a topic is discussed within a limited period of time ?  
 A) Buzz session      B) In basket exercise  
 C) Fish bowl exercise      D) Syndicate method
53. The group of Swarozgaris SHG in SGSY programme get the subsidy to the extent of  
 A) 50%      B) 25%      C) 33%      D) 10%

54. Which of the following is **not** a mathematical average?  
 A) Weighted Arithmetic Mean    B) Harmonic Mean  
 C) Median    D) Geometric Mean
55. Which of the following is **not** an example of a socially stratified installation?  
 A) Education system    B) Government  
 C) A commune system    D) Health care
56. A specific characteristic of a population is called:  
 A) Statistic    B) Statistics    C) Parameter    D) Sample
57. Statistic is a numerical quantity, which is calculated from:  
 A) Population    B) Sample    C) Data    D) Observations
58. Which one of the following measurement does not divide a set of observations into equal parts?  
 A) Quartiles    B) Standard Deviations  
 C) Percentiles    D) Deciles
59. In a Statistical table, row captions are called -----.  
 A) Box head    B) Stub    C) Body    D) Title
60. Which of the following describe the middle part of a group of numbers?  
 A) The Measure of Variability  
 B) The Measure of Central Tendency  
 C) The Measure of Association  
 D) The Measure of Shape
61. Which of the following represent qualitative data?  
 A) Height of a student  
 B) Liking or disliking of (500) persons of a product  
 C) The income of a government servant in a city  
 D) Yield from a wheat plot
62. A micro enterprise is one in which the investment in plant and machinery does **not** exceed Rs----- lakhs.  
 A) 25    B) 50    C) 99    D) 10
63. The MSME Development Act came into force in:  
 A) 2005    B) 2006    C) 2010    D) 2001
64. The greenhouse effect is the phenomenon by which  
 A) Biological Diversity Is Dominant in Agricultural Production.  
 B) The Globe's Water Pollution Affects Plankton.  
 C) The Earth's Atmosphere Traps Infrared Radiation.  
 D) Climatic Changes Occur Naturally in The Forest.

65. A ----- is an interrelated, coherent set of ideas that helps to explain and to make predictions.  
 A) Hypothesis    B) Research    C) Experiment    D) Theory
66. Match the following stages and developmental periods of Erikson's stages
- |                                   |                     |
|-----------------------------------|---------------------|
| a. Generativity vs stagnation     | 1. Late adulthood   |
| b. Identity vs identity confusion | 2. Middle adulthood |
| c. Integrity vs despair           | 3. infancy          |
| d. Autonomy vs shame and doubt    | 4. adolescence      |
- A) a- 2, b-4, c-1, d-3                      B) a-3, b-4, c-1, d-2  
 C) a-4, b-1, c-2, d-3                      D) a-4, b-2, c-1, d-3
67. When children adjust their knowledge to fit new information and experiences it is called:  
 A) Assimilation                      B) operational schema  
 C) Accommodation                      D) decentralization
68. The theory portrayed that a child's development is inseparable from social and cultural activities:  
 A) Piaget's theory                      B) Vygotsky's theory  
 C) Erikson's theory                      D) Freud's theory
69. The concrete operational period of Piaget's cognitive stage coincides with ..... stage of Freud's psychosexual stage  
 A) Phallic                      B) Genital                      C) Oral                      D) Latency
70. Using an ethnic label in a superficial way to portray an ethnic group as being more homogenous is called:  
 A) Ethnic gloss                      B) Ethnic clique  
 C) Ethnic glide                      D) Ethnic quilt
71. Gene imprinting occur when -----.  
 A) there is inheritance of an altered gene  
 B) one pair of genes always exerts its effects  
 C) genes have differing effects depending on whether they are inherited from father of mother  
 D) the transmission is more complex
72. Match the following:
- |                |   |
|----------------|---|
| LIST I         | LIST II   |
| a. Blastocyst  | 1. Outer layer of cells providing nutrition and support to embryo |
| b. Ectoderm    | 2. Cells developing into digestive and respiratory systems        |
| c. Endoderm    | 3. Cells that later develop into embryo                           |
| d. Trophoblast | 4. Cells that form the nervous system                             |
- A) a-3, b-4, c-2, d-1                      B) a-3, b-4, c-1, d-2  
 C) a-4, b-1, c-2, d-3                      D) a-2, b-4, c-1, d-3

94. Bio medical waste should be disposed by:  
 A) Composting B) Incinerating  
 C) Recycling D) Land filling
95. The finish is done for cotton fabrics  
 A) Mercerization B) Weighting  
 C) Degumming D) All of the above
96. Match the List I with List II  
 List I List II  
 a. Feathery ash 1. Silk  
 b. Hard Bead 2. Wool  
 c. Gummy Surface 3. Cotton  
 d. Scaly Surface 4. Nylon
- A) a-1, b- 3, c- 2, d- 4 B) a-4, b- 2, c- 3, d-1  
 C) a-3, b- 4, c-1, d- 2 D) a-2, b- 3, c-1, d- 4
97. Assertion (A): Nylon is not used for summer wear  
 Reason (R) : Nylon is high in thermal conductivity.
- A) A is correct, but R is wrong B) A is wrong but R is correct  
 C) Both A and R are correct D) Both A and R are wrong
98. The application of white collar on dark coloured dress is an example of  
 A) Emphasis B) Transition C) Rhythm D) Proportion
99. Match the fibre given in List I to its properties in List II  
 List I List II  
 a. Polyester 1. High Insulation  
 b. Cotton 2. High lustre  
 c. Rayon 3. Wicking property  
 d. Wool 4. High thermal Conductivity
- A) a-4, b-2, c-3, d-1 B) a-3, b-4, c-2, d-1  
 C) a-1, b-2, c-3, d-4 D) a-2, b-3, c-4, d-1
100. Example for aesthetic finish  
 A) Embossing B) Weighting  
 C) Tentering D) Sanforization
101. An apple shaped figure looks better in:  
 1. A belt at the waist. 2. Dark deep Shades.  
 3. Emphasis at the hemline. 4. Gathers at the waist.
- A) 1, 2 and 3 are correct B) 1, 2 and 4 are correct  
 C) 2 and 3 are correct D) 2 and 4 are correct

102. Arrange in the order of weaving a fabric:  
 A) Picking, Battening, Shedding & Taking up  
 B) Shedding, Picking, Battening & Taking up  
 C) Picking, Battening, Taking up & Shedding  
 D) Shedding, Battening, Picking & Taking up
103. Match the type of work with the traditional textile.  
 List I  
 a. Jali work on white  
 b. Yarn dyeing  
 c. Fabric tie & dye  
 d. Colourful running stitches  
 List II  
 1. Ikat  
 2. Kanthas  
 3. Chikankari  
 4. Bandhini  
 A) a-1, b-2, c-3, d-4  
 B) a-4, b-1, c-3, d-2  
 C) a-2, b-3, c-1, d-4  
 D) a-3, b-1, c-4, d-2
104. Match the following  
 List I  
 a. Phulkari  
 b. Kasuthi  
 c. Patola  
 d. Chikankari  
 List II  
 1. Karnataka  
 2. Punjab  
 3. Uttar Pradesh  
 4. Gujarat  
 A) a-1, b-2, c-3, d-4  
 B) a-3, b-2, c-4, d-1  
 C) a-2, b-1, c-4, d-3  
 D) a-4, b-1, c-3, d-2
105. The principle of extension education is:  
 A) Principles of grass root level organisation.  
 B) Cooperation and people's participation.  
 C) Indigenous knowledge.  
 D) All of the above.
106. Adopters category is based on-----.  
 A) Education  
 B) Awareness  
 C) Innovativeness  
 D) Innovation
107. BHOOMI project is an ICT initiative of:  
 A) Kerala  
 B) Karnataka  
 C) Gujarat  
 D) Bihar
108. Informal education is often termed as:  
 A) Incidental education  
 B) Lifelong education  
 C) Continuing education  
 D) Non Formal education
109. The Panchayat Raj System was officially implemented in India on 2<sup>nd</sup> October.  
 A) 1952  
 B) 1959  
 C) 1954  
 D) 1958
110. The first state to introduce Panchayat Raj System in India:  
 A) Kerala  
 B) Andhra Pradesh  
 C) Rajasthan  
 D) Tamil Nadu

111. Match the method of research tools from List-I to List-II :
- | List-I   | List-II          |
|--|------------------|
| a. A document that contains a set of questions.                                  | 1. Interview     |
| b. A set of structured questions in which answers are recorded by the researcher | 2. Observation   |
| c. A planned methodical watching the subject or situation                        | 3. Questionnaire |
| d. An indirect technique of questioning about a task or situation                | 4. Projective    |
- A) a-3, b-1, c-2, d-4                      B) a-2, b-3, c-4, d-1  
 C) a-4, b-1, c-2 d-3                      D) a-1, b-4, c-2, d-3
112. Sustainable Developmental goals are targeted to be achieved by  
 A) 2030                      B) 2050                      C) 2020                      D) 2040
113. Which one of the following is non-probability sampling technique?  
 A) Systematic Random Sampling                      B) Cluster Sampling  
 C) Snowball Sampling                      D) Simple Random Sampling
114. Which of the following indicators is **not** used to calculate HDI?  
 A) Life expectancy                      B) Per capita income  
 C) Social inequality                      D) Education
115. Out-of-the-box' thinking is related to  
 A) Consistent Thinking                      B) Memory-based Thinking  
 C) Divergent Thinking                      D) Convergent Thinking
116. Which of the following fabric has the lowest environmental footprint?  
 A) Cotton                      B) PET Polyester  
 C) Tencel                      D) Polyester
117. Representation of data by pictures is called -----.  
 A) Bar diagram                      B) Pictogram  
 C) Pie - diagram                      D) Histogram
118. The measures based on every item of the series:  
 A) Standard deviation                      B) Quartile deviation  
 C) Range                      D) All of these
119. What are fundamental qualities in good written expression?  
 A) Precision and Clarity  
 B) Description  
 C) Long, Academic-Sounding Words  
 D) Long Sentence
120. The number of accidents in a city during 2010 is:  
 A) Discrete variable                      B) Continuous variable  
 C) Qualitative variable                      D) Constant
