**Direction :** Read the poem and answer the questions given below (141 to 149) :

*A thing of beauty is a joy forever  
It's loveliness increases, it will never  
Pass into nothingness; but will keep  
A bower quiet for us, and a sleep  
Full of sweet dreams, and health, and quiet  
breathing.*

*Therefore, on every morrow, are we  
wreathing*

*A flowery band to bind us to the earth,  
Spite of despondence of the inhuman dearth*

*Of noble natures, of the gloomy days,  
Of all the unhealthy and o'er darkened ways  
Made for our searching : yes, in spite of  
all.*

*Some shape of beauty moves away the pall.  
From our dark spirits, such the sun, the  
moon*

*Trees old and young, sprouting a shady  
boon*

*For simple sheep, and such are daffodils  
With the green world they live in; and clear  
rills*

*That for themselves a cooling covert make  
Gaints the hot season : the mid forest brake  
Rich with a sprinkling of fair musk-rose  
blooms;*

*And such too is the grandeur of the dooms  
We have imagined for the mighty dead;  
All lovely tales that we have heard or read;  
An endless fountain of immortal drink,  
Pouring unto us from the heaven's brink.*
