Tal Chhapar blackbuck sanctuary

Adda247

Tal Chhapar blackbuck sanctuary in Rajasthan's Churu district has received a protective cover against a proposed move of the State government to **reduce the size of its eco-sensitive zone** (from about 7 sq km to 3 sq Km), under pressure from miners in the surrounding areas.

The court recently ordered a **"complete prohibition"** on any action to reduce the wildlife sanctuary's area.

It is known for **blackbucks** (around 4000) and is also home to a variety of birds. The **World Wildlife Fund for Nature (WWF)** has also taken up a major project for the **conservation of raptors** in the sanctuary.

Threats: hyper-aridity, grazing pressure, the invasive weed *Prosopis juliflora*, and salt mines in the vicinity.

Ireland: Leo Varadkar

Ireland's **Leo Varadkar** took over as premier for the **second time** in a handover of power in line with a coalition deal struck in 2020. Varadkar replaced Micheal Martin as Taoiseach (premier) in a rotation between his Fine Gael and Martin's Fianna Fail parties that is unprecedented in Irish history.

Varadkar (aged 43), who is of **Indian origin** and **openly gay**, is still one of **Ireland's youngest ever leaders**, even in his second stint in the role.

Ireland's Leo Varadkar

•

Britain

UK's famous National Health Service is under crisis as NHS staffs are striking over pay rise. The British government says this is unaffordable and no pay rise close to that has been offered.

Thailand

Royal Thai Navy warship 'Sukhothai,' sank in the Gulf of Thailand. The ship was struck by the high waves that caused the accident. The reported deaths have been caused as there were not enough life jackets because more people than usual were aboard the ship.

Five Eyes Alliance

- The Five Eyes alliance is an **intelligence-sharing arrangement** between five English-speaking democracies: the **US, UK, Canada, Australia and New Zealand.**
- The alliance was created during the **Cold War (1946-1991)** that was fought between the United States and the Soviet Union, as well as their respective allies.
- The alliance was needed to share sensitive information regarding their adversaries on all possible fronts available.
- It is often described as the **world's most successful intelligence alliance.**

Recently, the US has announced a new trilateral security partnership for the Indo-Pacific, between Australia, the UK and the US (AUKUS).

- The major highlight of this arrangement is the sharing of US nuclear submarine technology to Australia.

Key Points

- **Focusing on Indo-Pacific:** The security grouping AUKUS will focus on advancing strategic interests in the Indo-Pacific region.

- Though the US has explicitly denied that the grouping is targeted against China, its Indo-pacific orientation makes it an alliance against China's assertive actions in the South China Sea.
- The three countries alongside Canada and New Zealand already share extensive intelligence through the **Five Eyes alliance**.

- **Transferring Nuclear Submarines to Australia:** As part of this initiative, Australia will acquire nuclear-powered submarines with help from the UK and the US.

-

This step is significant because the US has only shared nuclear submarine technology once before, and it started in 1958 with Great Britain.

Nuclear submarines that are **quieter** than their conventional counterparts but also more capable of being **deployed for longer periods** and **needing to surface less frequently**.

• Alongside India's stated intent to acquire more nuclear-powered submarines, it will amount to a step-change increase in the Quad's **undersea and anti-submarine warfare capabilities**.

- Quad is a grouping of India, USA, Australia and Japan.

Australia is now set to join an elite group of only six countries – India, the US, the UK, France, Russia and China – that operate nuclear-powered submarines. It will also be the only country to have such submarines without having a civilian nuclear power industry.

•Multi-Sectoral Cooperation: AUKUS will also involve a new architecture of meetings and engagements between the three countries, as well as cooperation across emerging technologies (applied AI, quantum technologies and undersea capabilities).

**Q.1) Who has won the title of the T20 World Cup 2022 for Blind?
नेत्रहीनों के लिए टी20 विश्व कप 2022 का खिताब किसने जीता है?**
