9. MORE ABOUT THE WRITTEN TEST – METHOD OF CET-2024

(i). SYLLABUS

The question papers of the Common Entrance Test will be based on the First and Second PUC syllabi prescribed by the Department of Pre-University Education of Karnataka State.

(ii). DURATION, QUESTION PAPER AND OMR ANSWER SHEETS

The Common Entrance Test will be held on TWO days in FOUR different sessions for four subjects. On the first day, test will be conducted for Biology and Mathematics subjects in two sessions and on the next day test will be conducted for Physics and Chemistry subjects in two sessions as per the date and time notified. Each paper / subject will be conducted for 60 marks each with duration of 80 minutes.

Each question paper will be of Multiple Choice Questions (Objective) type. The question paper in each subject will have different versions and each question will have four different options. Each question will carry ONE mark. The candidate is expected to attempt all the questions, in order to obtain maximum marks. In other words, there is no choice of questions. THERE WILL BE NO NEGATIVE EVALUATION WITH REGARD TO WRONG / INCORRECT ANSWERS BUT MARKS WILL NOT BE AWARDED IN RESPECT OF MULTIPLE ANSWERS for the same question. The version code of the question paper will be boldly printed on facing sheet of the question paper.

The version code of the question papers given to a student may be different OR may be the same for different sessions.

(III). OPTICAL MARK READER SHEETS AS ANSWER SHEETS

A model of the Optical Mark Reader (OMR) sheets that will be used for marking the answers by the candidates is hosted on the KEA Website. The need for the replica has compelled us to design OMR sheet in such a way that all the information and the answers are marked only on one side. The top portion of the sheet is meant for furnishing the particulars about the candidates such as the Name, CET Number, Version code and serial number of the question booklet. The bottom portion is meant for marking the answers, affixing the signature of the room Invigilator & candidates and also for affixing the Left Hand Thumb Impression of the candidate. The space meant for the subject would have been pre-marked. The square blocks in each item should be filled by the candidate in capital letters and numbers. The circles corresponding to the letters or numbers are meant to be completely shaded using blue or black ink ballpoint pen only.

iv. SPECIMEN OF THE OMR ANSWER SHEET

A Specimen of the OMR answer sheet will be hosted on the KEA Website <http://kea.kar.nic.in>. Please study the specimen OMR answer sheet hosted on the KEA Website, download and familiarize yourself. Take four to five photocopies of the specimen OMR sheet and practice on them at home. By using blue or black ink ballpoint, candidates can practice with the OMR answer sheet with regard to filling and shading of the required items. By doing so, you will be very accurate in writing and shading the particulars such as Name, CET Number, Question booklet version code, etc., in the required manner on the Original OMR answer sheets, during actual conduct of the test.

More details about precautions to be taken while filling the particulars on OMR answer sheets are given below:

- (i) The OMR answer sheet comprises of two sheets.
- (ii) The upper sheet is to be used for the purpose of marking correct answers and later scanning & evaluation and the lower sheet will be returned to the candidates after completion of each session of the test. The lower sheet is coated with a special kind of chemical which acts as a Carbon paper. When the candidate shades the circles on the upper sheet, the pressure on the lower sheet will automatically create a replica of the top sheet.

Why Ball Point Pen?

Remember we are allowing the candidates to carry replica or facsimile of the OMR Answer Sheet. OMR Answer Sheet comes in set of two sheets. When you shade the top sheet, the pressure will create a dark mark on the bottom sheet on the corresponding circle. If a pen with a nib is used, the pressure on the top sheet will not be sufficient to activate the chemical on the bottom sheet. On the other hand, a ball point pen exerts sufficient pressure to convert the bottom sheet chemical into a dark spot. That is why we want you to use a blue or black ink ballpoint pen only.

V. IMPORTANT PRECAUTIONS TO BE TAKEN WHILE WRITING / SHADING TOP PORTION OF OMR ANSWER SHEET:

(A) INITIAL 10 MINUTES:

In all the four sessions, the initial TEN minutes will be given for the candidates to write / shade the particulars such as Name, CET Number, Version Code and Serial number of the question booklet on the OMR answer sheets in the boxes provided. **OMR answer sheets in which the candidates do not write / shade the correct CET Number and Version code on the OMR Answer Sheet will not be scanned and such candidates will not be assigned any rank.** The entries pertaining to 'Name', 'CET Number' and 'Question booklet Version code' are very crucial ones. Therefore, candidates are advised to take extra precaution while writing and shading these three items accurately on the top portion of the OMR answer sheet.

The candidates will have to mark correct options on the Optical Mark Reader (OMR) answer sheet, which will be supplied at the beginning of each session of the test. Each question will have only one correct answer. The candidate shall mark the correct answer by completely shading only one circle against a question number, using BLUE or BLACK ink ball point pen.

(B) NEXT 70 MINUTES:

Important precautions to be taken while shading answers on bottom portion of OMR Answer sheet.

After the initial TEN minutes, 70 minutes will be given to a candidate for shading the answers on the bottom portion of the OMR answer sheet. On the bottom portion, there will be 60 rows corresponding to 60 questions. Against each question number, four circles will be provided corresponding to four options of the question paper. The candidates are required to shade only one circle corresponding to the correct answer.

The scanner is so sensitive to black and blue ink shades that even a slight residual ink mark or an unintended ink dot within a circle on the OMR answer sheet will be taken by it, as filled / shaded, at the time of scanning. Consequently, the candidate may lose marks. Therefore, please do not make any stray pen marks on the OMR answer sheets. As the scoring done by the scanner and the computer in tandem is final, a plea for erasing or neglecting the ink mark on a circle cannot be entertained. Therefore, candidates are advised to take extra precaution while shading the circles on the bottom portion.

(C) END OF PAPER FOR EACH SESSION:

The candidates are required to COMPULSORILY AFFIX THEIR LEFT HAND THUMB IMPRESSION in the space provided on the bottom portion of the OMR answer sheet of the upper with the ink-pad provided by the room Invigilator, after completion of each Session of the Test. However, they need not affix their thumb impression on the lower sheet i.e., the replica of the OMR answer sheet. Thereafter, the invigilators will detach the lower sheet from the upper sheet at the perforations and hand over the lower sheet replica to the candidates and candidates are allowed to carry the same with them. The upper sheet will be retained by the invigilator for returning the same to the Deputy Chief Superintendent of the examination center and in turn to KEA.

NOTE: The OMR answer sheets in respect of all the candidates who have affixed their left hand thumb impression will only be scanned and the results in respect of such candidates will be published. The OMR answer sheets in respect of candidates who have not affixed their left hand thumb impression, for any reason, will not be scanned. Also, the results in respect of such candidates will not be published.

THINK BEFORE YOU INK !

Once you darken a circle, there is no way to erase or to remove it. That way, your decision about a correct answer will be final. The invigilator will not permit you to use marker, white fluid or any other device to hide the shading already done and you will not be supplied with one more set of OMR sheet. If you spoil a sheet in your attempt to rub off the shading done on a circle, you may ruin your opportunities. If two circles are shaded in a row and even if one of the circles is partially rubbed off, the scanner will take it as a multiple attempt. Therefore, think twice before you shade a circle with ink. Darken only one circle for each question as shown against the CORRECT METHOD.

The determination of interse merit as detailed above for selection of Government seats will be the basis for the merit list of candidates claiming benefit of reservation under Admission Rules.

(B) PUBLICATION OF MERIT LISTS:

After the completion of the entrance test, the Provisional ANSWER KEY will be published on **the dates** notified by KEA on the KEA Website: <http://kea.kar.nic.in> The candidates / parents / lecturers can file their objections, if any, only through online, with regard to any of the published answer Key, along with all supporting documents / justification. The objections received by the KEA will be placed before an Expert Committee, whose decision will be final for determination of the right answer key. The answer key approved by the Expert Committee will be applied during evaluation for determination of merit order.

As per the merit determined by the KEA, Engineering, Architecture, Farm Science, B-Pharm and Pharm-D ranks will be assigned to the eligible candidates. Separate result sheets showing the Engineering, Architecture, Farm science, B-Pharm and Pharm-D ranks will be published on **the notified date** on KEA Website <http://kea.kar.nic.in>. The correct answer key and the list of candidates whose results have been withheld and the reasons for withholding the results will also be published along with the results. The candidates whose results are with-held for want of 2nd PUC / 12th std. Marks and date of birth such candidates / parents need not worry because, ranks will be assigned as and when they submit the required documents on the specified dates during office hours.

Result sheets will not be displayed in the KEA premises.

Candidates who have any objections in respect of any of the entries or issues or discrepancies in the result sheets, such as discrepancy / changes in the Q. E. marks, version code, NEET / NATA scores etc., except the marks secured in the Common Entrance Test, can submit their objections within three days from the date of publication of the CET - 2024 result and thereafter result will be published for such candidates. (See box item given below for details about intermediary ranks / Spot ranks i.e., ranks ending with G55, G44, G33 etc.)

NOTE: (1) The candidates are requested to verify their qualifying examination details displayed on the result sheets without fail, if there is any discrepancy with reference to qualifying examination marks the same should be brought to the notice of this office immediately for fresh assignment of ranks, if any.
(2) Candidates whose results will be withheld for want of qualifying examination marks should submit a photocopy of their Q. E. marks card either in person or through 'Speed Post' to the KEA and the ranks in respect of such candidates will be published subsequently.

(C) Request for re-totaling or revaluation of the OMR answer sheets will not be entertained, as the valuation and the subsequent scoring will be error free.

What does 'G 55' mean?

After the declaration of the results, the candidates may not get ranks assigned mainly for the following reasons :

- (1) For want of Q. E. marks, a candidate might have missed the rank.
- (2) A candidate might have marked the version code wrongly.
- (3) Q. E. marks may change due to revaluation or otherwise, when corrected, a fresh ranking becomes necessary.

The KEA computers are programmed to assign new ranks or fresh ranks to the candidates falling within the above said categories without disturbing the rank numbers assigned to the candidates whose results were declared earlier. The computer program is such that it can assign ranks in between two integers without altering the previous rank numbers. Undoubtedly, you were assigned a rank after the declaration of the results. When a rank was assigned to you, rank 1234 and 1235 had been assigned to two other candidates. When it came to assigning a rank to you, the computer found that in the normal course, your rank would have been after the candidate with rank 1234 and before the candidate with rank 1235. Therefore, the computer had to place you between 1234 and 1235. As already said, the computer is programmed to generate large number of ranks between two integers by dividing the space alphabetically from A to Z. Then each alphabet is subdivided from 1 to 99. Now, if a new rank is required to be assigned between two integer ranks, in the first instance, the computer assigns a division number as 'G 55' before the previous rank. If one more rank needs to be assigned between the rank 1234 and 1234 G 55, the computer assigns a rank as 1234 G 44. If one more rank is to be assigned between 1234 G 55 and 1235, then it assigns a rank as 1234 G 66.

Based on the performance of the candidates in the Common Entrance Test / NATA and the Qualifying Examination, as the case may be, the merit / rank list will be prepared and published. All the eligible candidates will be considered for allotment of seats in the order of their merit / rank and based on the options and as per the seat matrix issued by the Government.
