III. Write a precise of the following paragraph in not more than 1/3 number of words of the total passage.

Empowerment of women has emerged as a single complex concept, evading any defining characteristics. Physical mobility was found to be the most important parameter of women's empowerment as per the research carried out. All other indicators e.g. access to education, access to health services, employment, access to legal protection are directly and indirectly dependent upon mobility of women. A huge disparity still exists between rural and urban areas in that the women under study were completely immobile, throughout their life cycle. A large number of women in the particular villages where study was carried out had never visited even the nearest town, not even for seeking medical help. This had several implications. It led to depression. They only went to their parental home. They had no medical facility. Therefore, they depended only upon unqualified doctors. As a result, women had poor health. Our research showed that carrying water was a feminine phenomenon. When we asked the men, they said it was a woman's job to fetch water. Women worked harder. This showed that women are stronger.

#### IV. Translate the following paragraph from Hindi to English:

महात्मा गांधी अपना काम अपने हाथ से करने पर बल देते थे। वे प्रत्येक आश्रमवासी से आशा करते थे कि वह अपने शरीर से संबंधित प्रत्येक कार्य, सफाई तक स्वय करें। उनका कहना था कि जो श्रम नहीं करता है पाप का अन्न खाता है। ऋषि--मुनियों ने कहा है– बिना श्रम किए जो भोजन करता है – वह वस्तुतः चोर है। महात्मा गांधी का समस्त जीवन–दर्शन श्रम–सापेक्ष था। उनका समस्त अर्थ--शास्त्र यही बताता था कि प्रत्येक उपभोक्ता को उत्पादनकर्त्ता होना चाहिए। उनकी नीतियों की उपेक्षा करने के परिणाम हम आज भी भोग रहे हैं। न गरीबी कम होने में आती है, न बेरोजगारी पर नियंत्रण हो पा रहा है।
