three months, heralding a golden era in the history of the erstwhile Mahabubnagar district.

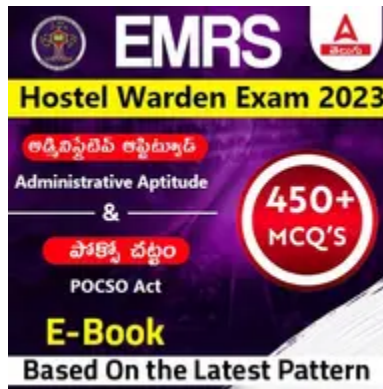

Key Points

Location:

- The Palamuru Rangareddy Lift Irrigation Scheme is located in the state of Telangana, India. It covers three districts: **Mahabubnagar, Rangareddy, and Nalgonda.**
- The project lifts water from the Srisaillam reservoir on the Krishna River to the upland areas of these districts.

Significance:

- The Palamuru Rangareddy project is one of the largest lift irrigation schemes in India.
- It is expected to irrigate over 4 lakh hectares of land in the three districts, benefiting over 10 lakh farmers.
- The project is also expected to provide drinking water to over 1 crore people in the region.
