National and International News

Shaksgam valley

Why in news?

- India has registered its protest against China’s “illegal attempts” to “alter facts on the ground” in the Shaksgam valley of Pakistan-occupied Kashmir.
- Recent satellite pictures indicate that China is building a road into the lower Shaksgam valley.

Key points:

- India has never accepted the so-called China Pakistan Boundary Agreement of 1963, through which Pakistan unlawfully attempted to cede the area to China.
- The Shaksgam Valley is part of Pakistan-occupied Kashmir, and was ceded by Pakistan to China in 1963, a year after the India-China war.

About Shaksgam valley:

- Shaksgam Valley is located in the disputed region near the northern borders of Kashmir.
- It is part of the broader Trans-Karakoram Tract.
- The valley is characterized by its rugged terrain, high mountains, and is predominantly a high-altitude desert. It is nestled between the Karakoram Range to the south and the Kun Lun Mountains to the north.
- The area is strategically significant due to its location near the Siachen Glacier, another contested area, and its proximity to several important mountain passes.

Ethylene oxide in spice brands

Why in news?

- A crisis of confidence is affecting the Indian spice export industry.
- At least five countries, including Singapore, Hong Kong, and the U.S., have announced an investigation into possible contamination of spice mixes sold by top Indian brands, MDH and Everest.

Key points:

- The complaints cite the presence of ethylene oxide, a toxic chemical used as a food stabiliser, beyond permissible limits.
